Claim for Repair of Household Effects of [REDACTED]

1. The enclosed file based on your memorandum of 2 December 1949, forwarded to us by memorandum of the Acting Chief, Finance Division, dated 10 January 1950, is returned herewith.

25X1A

2. I personally discussed this matter with [REDACTED] today, and he is obtaining additional estimates for comparison and inclusion in the file. He will submit these to you, and it is suggested that the claim then be submitted via the ADSO, for recommendation, to the Executive for approval. The existence of an emergency should be clearly explained, since the only authority for payment of this claim appears to reside in [REDACTED] of the Confidential Funds Regulations. This section authorizes the Executive to approve (on recommendation of the ADSO) expenditures from confidential funds in the case of employees at overseas stations who suffer loss arising from emergencies in their service with CIA. It applies only when the claimant is in a travel or transfer status.
